Tuesday

[Join Mrs Baker for calender!](#)

[Join Mme Mills to make letters with salt or sugar.](#)

Wednesday

[Join Mme Mills for calendrier!](#)

[Here is a cut and paste the alphabet in order.](#) Scroll down to the yellow download button.

If you don't have a printer, you can draw squares on a paper and write a letter in each box. Then have your child cut out and glue on a sperate paper in order.

Work on those cutting skills at the same time!

Thursday

[Join Mme Mooney for calendrier!](#)

Do you like the spring rain? Do you like to jump in puddles or go for a walk under an umbrella? Share with your ideas of things to do in the rain. Remember to say your thoughts in complete sentences. In your journal draw a picture, then write the sounds you hear as you write about your picture.

Tip for adults: Write out the alphabet in lower case letters on a strip of paper. This will give your child a reference as they connect the sound the letter.

Friday

Friday

Gross motor play:

Tightrope Walking

Scissor Skills:

Trace 3 big circles using a container for the outline. If you don't have red paper you could paint a piece of paper red and cut out when dry. Add green lines with a marker, paint, or strips of paper.

Gross motor play:

Animal Walking

Gross motor play:

Chalk outdoor obstacle course ideas:

- Jump on circles
- Jump over rectangles
- Balance walk on curved or zigzag lines
- Spin on a swirl
- Triangles = hop on one foot

Fine motor play:

Squirt Bottle Play

Physical Skills

Use the water colour paints you made last week to create beautiful spring tulips using a fork!

Here are some creative ideas to try for snack time. Kids can use a knife to spread or cut soft foods, and build fine motor skills by putting grapes on a skewer. Bug snack ideas

Music

French Spring Song

Bonjour Monsieur, Matt Maxwell

raised SALT Painting

1. Draw a design by squeezing white glue onto sturdy paper.
2. Sprinkle with salt.
3. Shake off excess.
4. Use a paint bush to dab with colored water.

Paint a paper towel with colored water.

Use your colored water for this activity too!
