What are some of your favorite fruit and veggies? Can you name 2 of each color of the rainbow?

In your journal draw a few pictures of your favorites, then write the sounds you hear as you write your list.

Tip for adults: Write out the alphabet in lower case letters on a strip of paper. This will give your child a reference as they connect the sound the letter.

Gross Motor Play:
Write letters randomly on your driveway with chalk or use letter cards on the floor. Have your child bounce and catch a small tennis sized ball on the letter as they say the letter sound. You could also try a ping pong and letters taped to a wall to work on throwing skills.
