

	Monday	Tuesday	Wednesday	Thursday	Friday
Literacy	<p>Watch the introduction videos from our team.</p> <p>Join Mme Mills for calendrier!</p> <p>Have your child help you make playdough. Cooking and baking with children helps build math, science, literacy and fine motor skills.</p> <p>Here's a recipe.</p>	<p>Join Mrs Baker for calender! Or</p> <p>Join Mlle Jory for calendrier!</p> <p>Play dough letters: Roll play dough out to make a 'snake'. Shape it to make the first letter in your name. Trace over the letter with your finger starting from the top. Make a ball and try another letter or the lower case!</p>	<p>Join Mme Mills for calendrier!</p> <p>Read a book with a grown-up. Search and count how many letter "a, e, i, or o's" can you find on a page?</p>	<p>Join Mme Mooney for calendrier!</p> <p>Journaling: Brainstorm ideas with your grown-up of things you have done over the last few weeks. Choose one idea and say it in a complete sentence. In your journal draw a picture of what you did. Now try writing the sounds you hear as you write about your picture.</p>	<p>Join Mme Mills for calendrier!</p> <p>Listen to a story read by Mme Masuk or Mme Crombez or in the learning commons. Which one was your favorite?</p> <p>Can you think of words that rhyme with cat, log, pig, or lip? They don't have to be real words, as long as they rhyme!</p>
Numeracy	<p>Ordering Numbers: Print numbers 1-10 on index cards and put them in order from 1-10. Try it backwards too! Have a sibling or parent take a card away and you need to figure out which one is missing.</p> <p>En francais: un, deux, trois, quatre, cinq, sept, huit, neuf, dix.</p>	<p>Before and After: Have a parent or sibling hold up one number cards and you say the number that comes before and after.</p>	<p>Making Groups: Put the number cards in a pile upside-down on the table. Pour out a pile of Lego, noodles or little toys, etc. on the table. Flip over a number cards and make piles according to the number you flipped up.</p>	<p>Shape Hunt: Go around the house or outside and find objects that are Triangles, Rectangles, Squares, Circles, Octagons, and Hexagons. The possibilities are endless! You can make this into a scavenger hunt. Draw the shapes on a piece of paper and the kids can mark off the shape they are able to find.</p>	

	Monday	Tuesday	Wednesday	Thursday	Friday
Physical Skills	<p>Tape / chalk hopscotch: Using tape make a hopscotch on your floor, a hallway is great for this! Whenever you walk by you have to jump through and say your numbers in French. You can also do this outside using sidewalk chalk.</p>	<p>Water Play: Fill your bathtub or sink with water and throw in a few different size containers, a turkey baster, spoons, etc. Ask your child which container they think holds the most. Focus vocabulary: petit-small moyen-medium grand-large</p>	<p>Gross motor play: Today on your walk or even in the back yard, practice jumping forward 12 times with both feet together. As you jump, say each number out loud in French. Next, skip forward using alternating feet counting each skip out loud in French as you go.</p>	<p>Fine motor practice: Pull out your name printing page and practice printing your name using a dry erase marker. Remember when you get to the blank lines, be sure to print your name beginning with a capital letter followed by lower case letters.</p>	<p>Gross motor play: Hop on your bike or scooter and go for a tour around your neighborhood. Be sure to wear your helmet and take a parent along with you! While you are out, look for these shapes out in nature: cercle-circle triangle-triangle carré-square</p>
Creative Expression	<p>Play dough fun: Have some fun with your newly made play dough!</p>	<p>Do-it-yourself basket: Fill a container with craft supplies from around the house. (Try cardboard, scraps of paper in different sizes, cotton balls, buttons, stickers, elastics, paper clips, markers, pencils, glue, stapler, tape, stamps, lids from drinks, scissors, hole punch, envelopes.) This is free exploration time to be creative. You will be amazed at their imaginations.</p>	<p>Directed draw: Easter is right around the corner! Try following along to draw a lapin.</p>	<p>Do-it yourself basket: Have some fun with your newly made creativity basket!</p>	<p>Paper airplane Watch the video to follow along and make a paper airplane or try your own. Don't forget to decorate them! Then start racing them and see whose plane goes furthest or if they can do tricks. You can add-on paper clips as weights to see if that makes a difference in speed or distance. Have fun!</p>
